

Come to a “Know Your Rights” Town Hall Meeting.....

For People on the Developmental Disabilities (DD), Mi Via or Medically Fragile Waivers, Family Members, Advocates, and Guardians

New rules from the Federal Center for Medicare and Medicaid Services (“the CMS Final Rule”) strengthen the rights of people receiving Waiver services to:

- ♦ be part of the community where they live and work
- ♦ choose where they live, who they live with and how they live
- ♦ decide how to spend their days and who to spend their days with
- ♦ determine who provides services

**Don’t miss one of these important Town Hall meetings!
Join us for presentations and conversation about what the new rules mean
and how to make it happen.**
